Chapter	Camp Location	Number and name of ifs team members	Name and number of health authorities	name and number of health care workers trained	Number of patients seen.	common findings in the pt if any - emotional and health issues.	Lesson learned.	any deficiencies from our end.	any other day we can get out.	pt ref to ART units
Haryana	UPHC, Rajeev Nagar Near Sec 12 chowk	Dr Neeru Thakral Dr Reema Goel Dr divya sardana Dr priya Varshney Dr Saroj kumar Dr alka Goel	Dr priya Sharma deputy CMO Gurgaon  Dr Hardeep saluja uphc incharge	38 Asha workers	42 patients attended In total 80 beneficiaries.	1.Ignorance about the tests and treatment 2.emotional and health issues. 3.Stress of being called banjh was shared by some. 4.Financial issue was another. 5.Family pressure	1.Working in remote area without AC and frequent power cuts teaches you patience, empathy and insight about the sufferings of fellow human beings.  2.Even today there are couples who are married for seven years, childless with no single investigation. Reaching them was pleasure	Too many things going on simultaneously The camp, The audio-visual Difficult to engage everyone and see the patients at one go	We should hold such camps in every district of the state and appoint a leader from that district.	3

Chapter	Camp Location	Number and name of ifs team members	Name and number of health authorities	name and number of health care workers trained	Number of patients seen.	common findings in the pt if any - emotional and health issues.	Lesson learned.	any deficiencies from our end.	any other day we can get out.	pt ref to ART units
Gujarat	PHC Fariyadka,  Taluka Ghogha,  District Bhavnagar.	Dr.Sanjay Desai ,Dr.Hemali Karia Dr. Yatri Govind Bhadarka	Dr. P.K. Singh (CDHO),  Dr. Pankaj Sharma (CMO)	26 members list enclosed	42 cases of infertility (18 visited as couples) + 24 cases of Ovulatory Dysfunction.	emotional and health issues- Emotional issue- feeling neglected, unable to socialise; - not much Health issues- not properly evaluated, haven't been followed up regularly	Way to go for our society to sense that "Infertility treatment is not a luxury but an essential commodity	A common person to assist interacting with the 3 wings- Intas pharmaceutical person (arranges food), audio visual technician and photographer. Till the previous day I was not sure that memento's to chief guest is available/ not. Banner to be exhibited was made in a hurry only the previous day since it was not mentioned in the protocol	Authorities ready to cooperate with any such kind of activity in near future	10 infertile patients/ couples

Chapter	Camp Location	Number and name of ifs team members	Name and number of health authorities	name and number of health care workers trained	Number of patients seen.	common findings in the pt if any - emotional and health issues. Bihar	Indira Gandhi Institute of Medical Sciences, Patna.		Dr Rajesh Tiwary Dr Sanjay Dr Nidhi Singh Dr Tajwar	3 Anganwadi workers  20 attendants	35	Lack of knowledge and ignorance about the cause of infertility.  Acceptance of female factor infertility is less  Social acceptance of infertile couple is less  Female suffers threat of kicked out from the family and husband marrying some other women	Spreading knowledge is immensely important as there is lots of ignorance, myths, poverty and helplessness due to lack of facility.	Too many things going on simultaneously	Such camps should be frequently organized to that couples can reach us at right time.	2

Chapter	Camp Location	Number and name of ifs team members	Name and number of health authorities	name and number of health care workers trained	Number of patients seen.	common findings in the pt if any - emotional and health issues.	Lesson learned.	any deficiencies from our end.	any other day we can get out.	pt ref to ART units
Vidarbha	Gramin Rugnalaya, Narkhed	03 Dr. Manish Baheti Dr. Indrayani Hatwar Dr. Amogh Chimote	Medical Superintendent 01 Dr. Prashant Barve Medical Officers 03 Dr. Shubham Chaoji Dr. Sachin Dhande Dr. Sarang	Staff Nurses 12 Paramedics 10	27 (Infertility)	Lack of awareness about infertility & general health issues  Tobacco/gutka/smoking habits common among all males  Females reluctant to speak in front of husband  Malnourishment	Despite use of mobile & social media like FB, there is lack of educative programmes.  Media must be used more constructively for awareness & educative programmes.  In an interesting manner. General public will not follow lectures or preachy guidelines	We need to widely publicize these camps in village interiors as being more for infertility investigation & treatment.  The local health centres do not see infertility patients; therefore, we did not get too many infertile couples at the camp.	Someone should be appointed to spread the word about these camps & interact with the general population. All GPs & health centres should be intimated well in advance about these camps for greater patient footfall.	11

Kashmir J&K	10 <sup>th</sup> August 2024 at PHC Hajin, District Bandipora	IFS Add. Joint Secretary and Patron IFS Kashmir Chapter Dr Syed Sajjad Hussain  IFS Kashmir Joint Secretary Dr Snober Gulshan  Treasurer Dr Saika Zahoor  IFS Kashmir Executives Dr Masooda Shah & Dr Rabia Shah	Ex-officio Secretary to Govt, Director SKIMS Prof Mohd Ashraf Ganai, Sr. KAS Officer & Add. Director SKIMS Dr Firdous Ahmed Giri District Health Officer Bandipora Dr Rehana Gulzar, Medical Superintendent SK Institute of Medical Sciences Dr Farooq Ahmed Jan  Head Community Medicine SKIMS Prof Rauf ur Rashid Koul  Community Health Officer Mr. Parveez Ahmed	250 health workers, ASHA workers, Aagan Wadi Workers and doctors from Govt dispensaries, MAC, s, CHC and PHCs	Around 230 patients including 170 infertile couples	Mostly patients were with primary and secondary infertility of 2 to 20 years.  Lack of awareness  Other health issues with stress and low income	It was pleasure to reach some patients who were totally ignorant about their health issues, stressed with their long infertility and till date without any evaluations and investigations.	There should be banners in the vicinity and on approach roads of the Camp site.	Chapter Secretary should take initiative to hold such camps in every district of the state and engage all the Executive members of IFS Chapter in those activities	Around 20 patients referred to nearest ART Clinic for more investigations.
